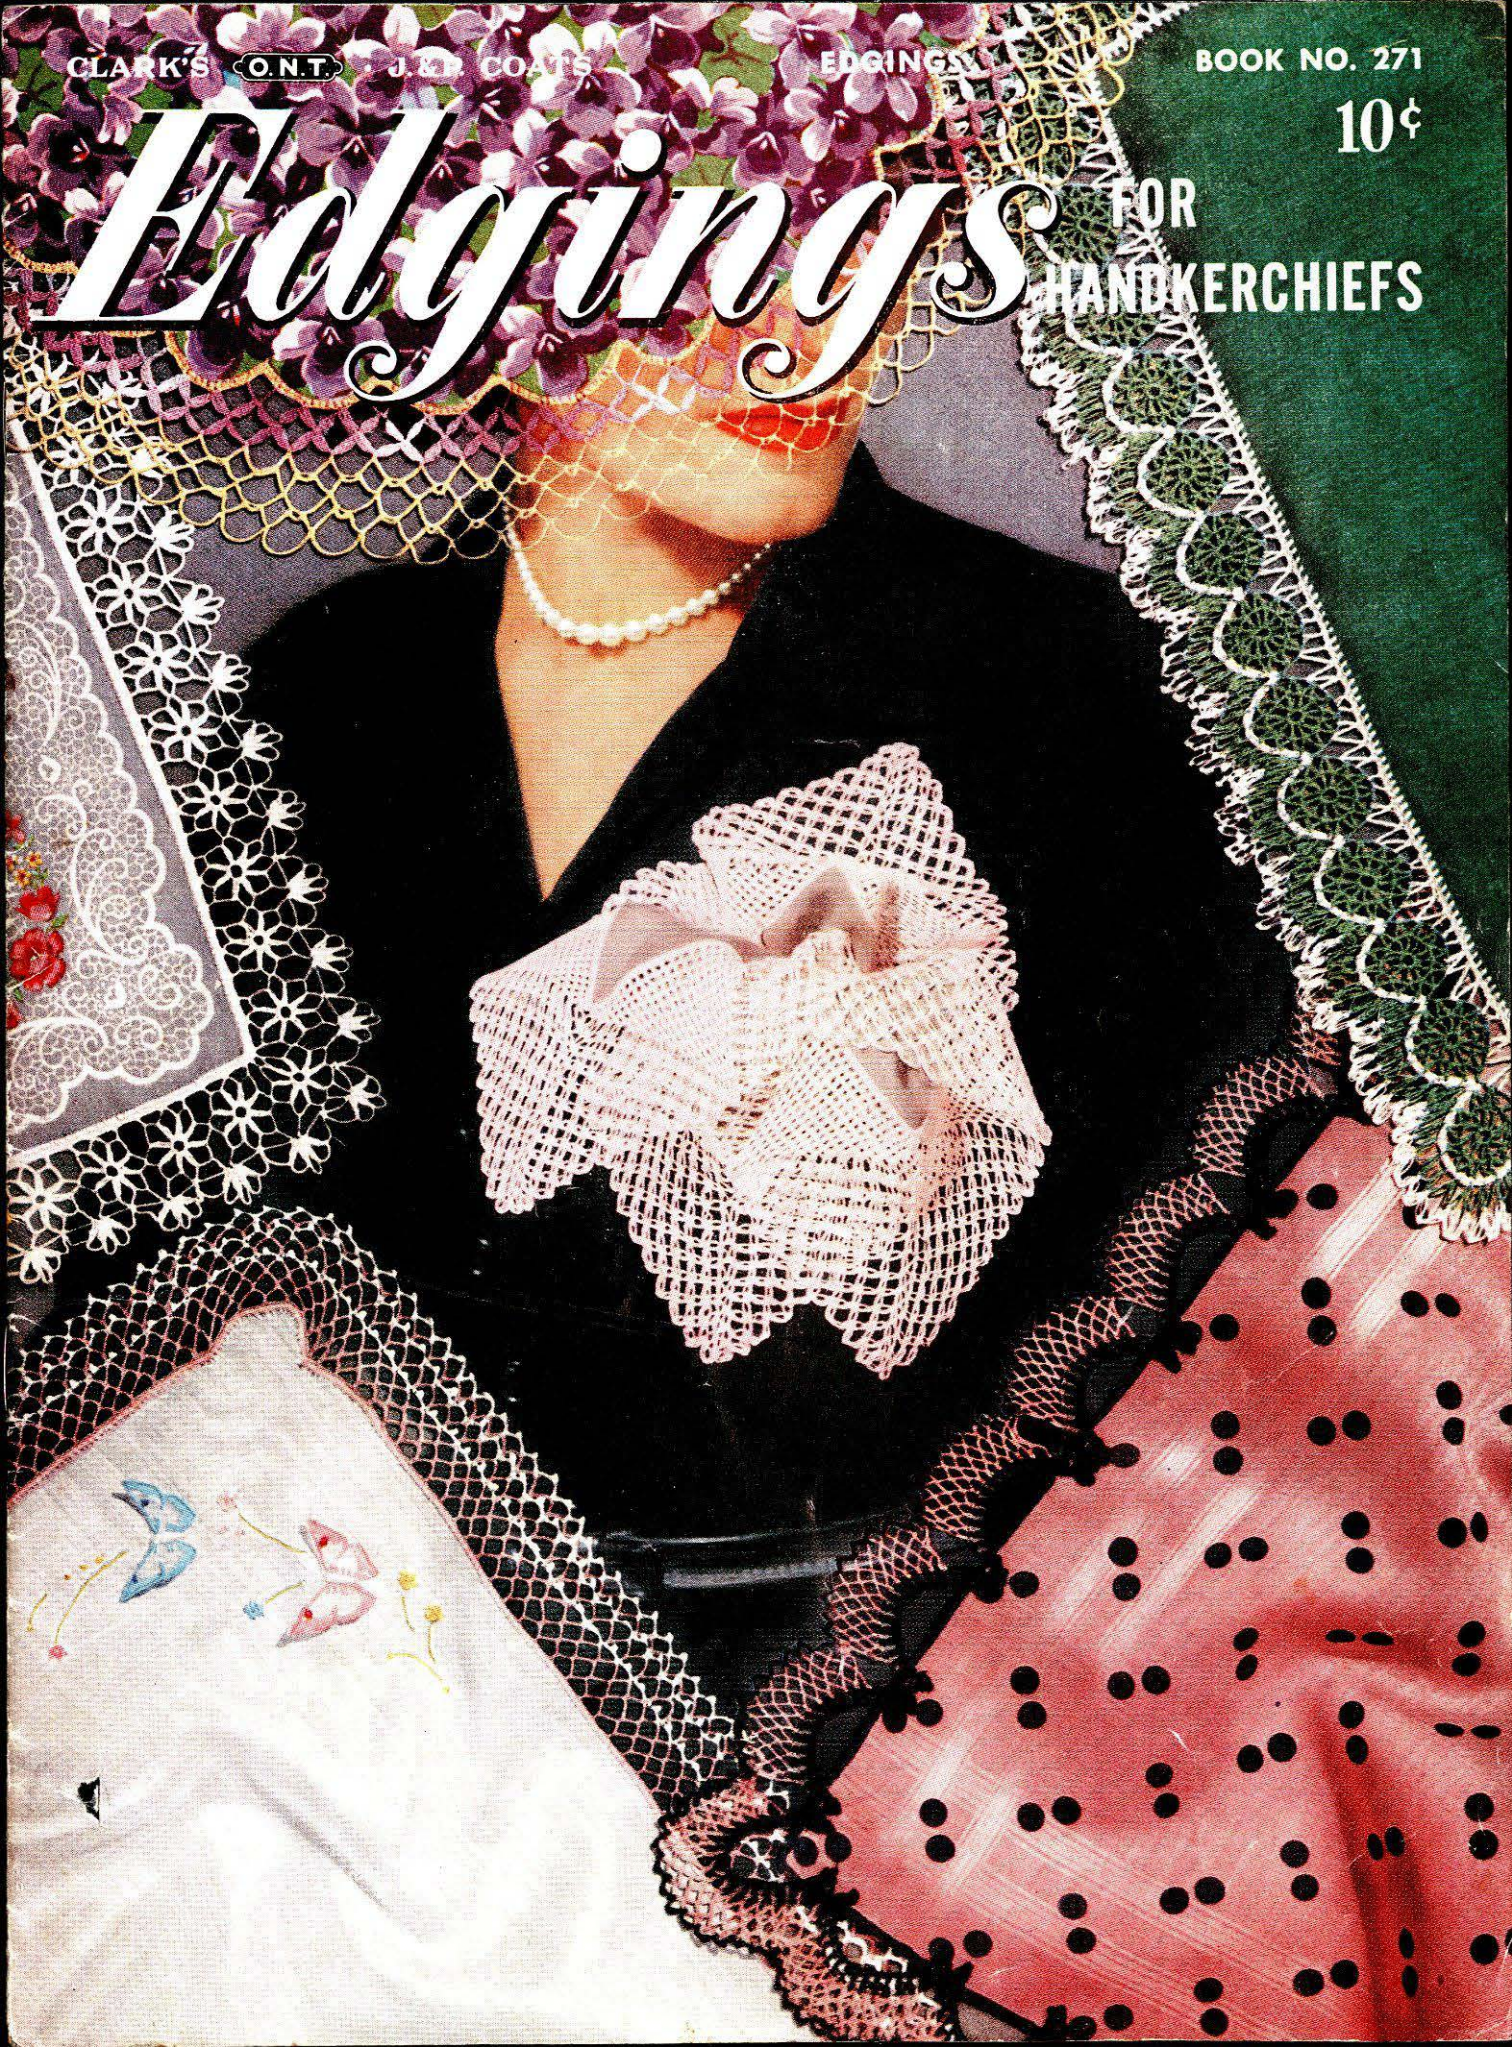
Edgings FOR HANDKERCHIEFS



Handkerchiefs—*essential accessories*

We took a tip from those Victorian heroines whose wisps of cambric and lace were decorative enough to dangle at fingertip, or to drop demurely at the feet of handsome young men. We went one better, though—our handkerchiefs are not only display-worthy — they're meant to be used!

The edgings in this book may be used in many other ways—the finer edgings adapt themselves to guest towels, organdie aprons and blouses; the wider edgings to linen place mats, doilies and pillow cases. To change the size of an edging for another purpose, use any J. & P. Coats or Clark's O.N.T. Thread other than the one specified; consult chart for size of hook for each thread.

Choose any one of the J. & P. COATS or CLARK'S O.N.T. "BOILFAST" Threads listed.
